

# Test Kits At Home

## Capability Statement

### SUMMARY

Test Kits At Home is a Small Business, woman-owned, medical supply company specializing in all types of healthcare. We provide a range of testing services and health supplies for every day use in your home or workplace. These services include DNA testing, drug and alcohol testing and other health testing kits designed to help extend, improve, and enhance everyday life. Most of the test kits and testing supplies are either CLIA-Waived or FDA Approved for home use.

### FACILITIES AND EQUIPMENT

Located in Coldwater Ohio, our warehouse and office make shipping tests/equipment both in the states and outside the US a quick and trouble free operation. Though our warehouse is small compared to most, we stock a lot of popular and best selling items so that we can expedite shipping times. Many items however ship direct from the manufacturer which can also help with transit time due to the manufacturer warehouses strategically located throughout the U.S.

### CUSTOMERS

Test Kits At Home customers range from consumers to business agencies, correctional facilities, county agencies, rehabilitation centers, and even our brave military service members worldwide. We know how important it is to get fast, accurate results.
